SAVE TIME in line - complete the form, print it out, and bring it with you to the store or to your school's horn drive.

The following information is submitted to obtain the immediate delivery of a band instrument without a credit check or report. By my signature below, I/we agree that all the information provided in this Disclosure Agreement is true and complete as stated. I agree that providing false or incomplete information herein may be considered a default of both this Agreement and the Retail Installment Contract that is entered into on or about the same date as this Disclosure Agreement.

I agree that the information in this Disclosure Agreement is part of the Retail Installment Contract and that default of this Agreement and/or said Retail Installment Contract will allow Tatum Music Company to require me to return said instrument at any place it reasonably designates or to peaceably repossess and remove the instrument identified in said Contract from my premises or any other place where the instrument may be found. If said instrument is in good condition and complete working order, Tatum Music Company may void the Contract. Because of the rights Tatum Music Company will be foregoing, if it voids the Retail Installment Contract, there will be no refunds, extensions, or renewals made by Tatum Music Company.

It is understood and agreed that the Disclosure Agreement and the Retail Installment Contract constitute a trial purchase contract. Said instrument may be returned and the Contract cancelled provided all monthly payments have been paid as of the date of return and the instrument is in good condition and in complete working order.

Completion of this Disclosure Agreement by Buyer does not guarantee, warrant, or insure that the Buyer will receive the instrument sought or that Tatum Music Company will also execute this agreement.

Credit Card on File: Buyer or renter hereby expressly authorizes the Seller to charge any existing credit card on file for the principal, interest or late fees.
